Work Experience

May 2019 - Oct. 2019

- Support Rep. at Weave

Answered customer calls and helped them with any issues they might've been having and answered any questions they had. I also maintained relationships with the customer so they would stay happy with the product.

Oct. 2019 - Aug. 2022

- Onboarding Tech Installer at Weave

I was responsible for reaching out to customers who had just purchased the product and I would install the software for them and walk them through how to install the new phones. I would also go over some training with the office to make sure they new how to set up and use the product.

Aug. 2022 - Current

- Integrations Specialist at Weave

Right now I currently help offices get installed with the Weave software and I also work with the Integration team to fix specific bugs that appear at times.
